Section 31: Cloak Star Trek; S.D. Perry; 9780671774714: Amazon On Star Trek, the Romulans possess a cloaking device that renders its ship, the Bird-of-Prey, invisible. Now, years later, a group of scientists may have found a way to reverse the cloak and make invisible objects visible. The advantages of a phasing cloak would be immeasurable, but its development was expressly forbidden by the Treaty of Algeron, a peace accord between the Federation and the Romulan Empire.
